

THREE MURDERS
COME TO LIGHT

Olney Brothers and the Daughter of Their Housekeeper

ARE KILLED, AND SHE IS

Found in An Unconscious Condition in the Barn.

ROBBERY PROBABLY NOT CAUSE

Middletown, N. Y., Oct. 7.—A triple murder was revealed here today, when the bodies of Willis and Fred Olney were found in the woods half a mile from their home, at which last night was found murdered the body of Alice Ingerick. Both brothers had been shot. Mrs. George Ingerick, mother of the murdered girl, who was found unconscious in a barn of the Olney brothers, has not regained consciousness, and her death is hourly expected.

Marks in the underbrush where the Olneys were found, indicated that they had been dragged from a wagon. Their pockets had been turned inside out.

Reason for Murders Suggested. It is believed that the bodies of the Olney brothers were carried to the woods in a wagon which was seen in the vicinity of their farm yesterday, and in which were two strangers.

The police believe that there were other motives than robbery which prompted the crime. Lulu Ingerick was in Middletown when the murders occurred and the tragedy was discovered on her return. Just after dark, Mrs. Ingerick was separated from her husband and was working as a housekeeper on the Olney brothers' farm.

FATAL WRECK OF FAST TRAIN IN RUSSIA. Twenty-seven persons were killed and thirty-five injured today by the wrecking of a fast mail train, which left the rails while running at a high rate of speed.

Rock Drilling Contest Assured. El Paso, Texas, Oct. 7.—The rock drilling contest for the American Mining congress when it meets in this city, November 15, is assured. Cash prizes of \$1,000 have been raised and already Ed Chamberlain, of the team of Chamberlain & Make, world champions, is entered. Page Brothers, of Bisbee, Arizona, are also entered for the contest.

ONE OF THE MOST UNPOPULAR ORDINANCES. People of Albuquerque with moderate means, are asking themselves the question why the city council saw fit to extend the fire limits as to buildings, when there was absolutely no necessity for such extension.

MASSACHUSETTS DEMOCRATS TO NOMINATE STATE TICKET. Boston, Mass., Oct. 7.—The state convention of the democratic party of Massachusetts met here today to nominate a state ticket. The convention was called to order by Chairman Colonel Gaston of the state executive committee and 1,317 delegates answered to the roll call. After the usual committees had been appointed the convention took a recess until the afternoon, when the organization of the convention will be completed and the various committees will submit their reports.

The committee on resolutions consists of Osborn Hayes, chairman; T. R. Fitzpatrick, of Brookline; W. P. Hayes, of Springfield; C. S. Hamilton, of Boston; C. A. Babbitt, of Pittsburg; J. C. Burke, of Lowell; and C. S. Ashley, of New Bedford. Mr. Hayes is known as a pronounced reciprocity advocate, and it is expected that the platform will take an advanced ground on the subject of reciprocity and the tariff.

As nearly all of the delegates are uninitiated, it is impossible to foresee even now what decision the convention will reach in the afternoon. There are several gubernatorial candidates in the field and every one of them stands a fair chance in the convention. William D. Rice, of Quincy, and Charles H. Jones, of Weston, both big shoe manufacturers and liberal tariff men, are considered strong candidates by the reciprocity democrats, but the preponderance of the opinion seems to be that Charles W. Bartlett, the present judge advocate on Governor Douglas' staff, is probably the strongest candidate. It is not considered probable that a dark horse will be sprung upon the convention.

CONFEDERACY DAUGHTERS

JOHNNY CROWE GETS DECISION

New York, Oct. 7.—No information has been received of the whereabouts of Abraham Schiffer, the missing banker of Alamosa, Colorado, Counsel for the firm said "Abraham came east to obtain funds with which to maintain the bank. MRS. STORY IS HONORED AMONG HER OWN PEOPLE.

Bangor, Me., Oct. 7.—For the first time since she left her native state, Maine, fifteen years ago, to go to Paris, to study singing, Mrs. Emma Eames Story, the great American prima donna, will be heard in this state at a festival which is to be given in her honor here tonight. The great singer, accompanied by her husband and her pet dog, Fifi, arrived here two days ago, and was enthusiastically received by society. Governor Cobb gave a reception in her honor at the city hall and several other social functions were arranged by prominent society people. Mme. Eames will sing twice in this state, and will then start on a concert tour, which will take her as far as San Francisco. After January 1 she will be heard at nine performances at the Metropolitan opera house in New York.

THE CONDITION OF MRS. CASNA, OF GALLUP. There has been no particular developments in the Casna murder case, says the Gallup Republican. The officers are working on every clue that can be obtained, but the crime was committed in such a mysterious manner that practically no clue was left by the murderer. It has developed this week that one of the little boys saw the man after the shooting. He says he saw the man run, and described the gun as a six-shooter. Mrs. Casna is doing as well as could be expected. She can not give any account of the description of the man who shot her husband at the present time, but it is hoped that when she recovers that she will be able to remember better than she does now. Because of her very straitened circumstances, the Italian society will give a benefit dance for her Saturday night. There is no doubt but that the cause is a worthy one and many of the citizens of Gallup are extending help to the unfortunate family.

IN ARMY, MACHINE MADE BREAD WILL SUPPLANT HAND MADE KIND. Washington, D. C., Oct. 7.—The war department has reached an important decision, which will, to some extent, revolutionize the culinary department of the service. It has been decided to introduce machinery for making bread instead of having the bread made by the slow and unsatisfactory method by hand. The navy has found it advantageous to have such a system, and vessels are being equipped as rapidly as possible with a type of bread-making machine, which is said to answer all demands upon it.

Dark Horse Did Come. Boston, Mass., Oct. 7.—The only drawback to the unanimity in voting at the democratic state convention today was the possible entrance as candidate for governor of Former Mayor John H. McNamee, of Cambridge. The state committee had named the alumnus, headed by General Charles W. Bartlett, of Boston, as candidate for governor.

Gen. Charles W. Bartlett was nominated for governor by the democratic convention by acclamation.

IN ARMY, MACHINE MADE BREAD WILL SUPPLANT HAND MADE KIND. Washington, D. C., Oct. 7.—The war department has reached an important decision, which will, to some extent, revolutionize the culinary department of the service. It has been decided to introduce machinery for making bread instead of having the bread made by the slow and unsatisfactory method by hand.

This conclusion in favor of mechanical bread making has been reached after a practical test of the methods on board the United States ship Missouri, for a period of six months. Army officers have been making an investigation of the system at Fort Riley, where there are schools for cooks

YOUNG JOHN D. ROCKEFELLER
AT THE PARTING OF THE WAYS

BECAUSE OF HIS PHYSICAL CONDITION, THE RICHEST YOUNG MAN IN THE WORLD IS FORCED TO GIVE UP HIS SPIRITUAL AND BUSINESS PURSUITS IN ORDER TO REGAIN HEALTH.

INTERESTS THAT YOUNG ROCKEFELLER MAY RELINQUISH.

Director of the Delaware, Lackawanna & Western Railroad company.
Director of the United States Steel corporation.
Director of the National City bank.
Director of the American Linseed Oil company.
Director of the Colorado Fuel & Iron company.
Director of the Federal Mining & Smelting company.
Director of the Missouri Pacific Railroad company.
Director of the Standard Oil company.
President of the American Postal & Newspaper Tube company.
Trustee of the University of Chicago.
He has recently relinquished his leadership of a Bible class of 250 members.

New York, Oct. 7.—The announcement made a few days ago that young John D. Rockefeller will permanently relinquish the leadership of his Bible class of 250 members, is said to be one of the first steps taken in accordance with his plan to abandon, as far as possible, all pursuits that will interfere with him in his efforts to regain his health. His trip to Europe last winter failed to help him, as he had hoped. Eminent specialists whom he has consulted, give him little encouragement and advise a complete rest.

His present illness developed last summer and was first noticed after the big fire at the Rockefeller home, Pocantico, at Tarrytown, N. Y. At that time his father was living at Forest Hill, in Cleveland, and in his absence young Rockefeller overworked himself in his efforts to save the valuable contents of the house.

He caught a severe cold, which continued to annoy him, and friends who noticed the pallor gradually showing

in his cheeks, advised the trip to Europe.

But slightly benefited by the journey he returned to the United States, and has spent a large portion of his time since then among the mountains. The air has helped him some, but he still has a distressing cough and apparently his lungs are affected.

The richest young man in the world has nevertheless been an indefatigable worker, and has usually considered his physical welfare after the spiritual and business duties were performed. Not long ago, in speaking of what he considered the four best things in life, he placed character first, friendship second, health third, and success last.

He was early taught that the true secret of happiness was labor and he has followed this instruction faithfully.

ASKS GOVERNOR TO PERMIT MOB Punish Negroes Who Assault Women—Attorney Hughes Nominated BY REPUBLICANS FOR MAYOR

Houston, Texas, Oct. 7.—A petition from a number of citizens, headed by G. W. Knight, of San Marcos, has been presented to Governor Lanham, asking the state to permit mob punishment of negroes who assault women. The governor in his response said it was impossible for him to countenance such a policy, in view of his oath of office and of state legislation, which he is bound to protect.

INSURANCE PROBER IS NAMED FOR NEXT MAYOR. New York, Oct. 7.—The committee set to confer with Chas. E. Hughes, examining counsel for the legislative insurance investigating committee, who was nominated for mayor by the republican city convention last night, would not discuss the result of the conference, when they left Hughes' house this morning.

Hughes said: "I have given no encouragement to the committee and I am strongly convinced I ought not to accept the nomination."

Rhode Island Prohibitionists. Providence, R. I., Oct. 7.—The state convention of the prohibition party of the state of Rhode Island met here today, for the purpose of adopting a platform and nominating candidates for the state ticket. After the customary committees had been appointed and some routine business transacted, a recess was taken until this afternoon to give the committees time to work out the platform and suggestions for adoption by the convention. It is expected that a full state ticket will be nominated.

PORTRAIT AND STREET SNAPSHOT OF JOHN D. ROCKEFELLER, JR.

One of young Rockefeller's greatest sources of pleasure was his Bible class, the leadership of which he has now relinquished. Until his health failed he had missed scarcely a dozen meetings since it was organized. He seemed proud of this work, but never spoke of it in any manner to give it publicity.

"I would prefer not to discuss the class work," he once said. "We are always glad to show by our actions just what we are doing. But it is a family tradition that we permit our actions to do the talking."

It is now believed that young Rockefeller will abandon his usual pursuits on Wall street, and is taking steps to relieve himself of the greatest portion of his business career in order that he may devote himself entirely to an attempt to regain his health.

Washington, D. C., Oct. 7.—The dean of the diplomatic corps now is the Italian ambassador, Baron Edmondo Mayor des Planches. He succeeds Count Cassini, lately Russian ambassador, who was recalled last spring, owing to his lack of success in gaining favor for the Russian cause in the American capital.

Baron's adopted daughter, Countess Marguerite Cassini, was the most prominent figure in diplomatic social doings during the past two or three seasons, and she will be missed.

The present dean has been in Washington only two years.

WRIT OF PROHIBITION SERVED ON JUDGE ABBOTT

Counsel for Hubbell Present Motion Asking That Court Observe Provisions of Writ and Release Defendant from Jail.

Last night upon the arrival at Santa Fe of Jose D. Sena, clerk of the New Mexico supreme court, that official, upon the order of Judge E. A. Mann, of Alamosa, at once issued the writ of prohibition directed to Judge Ira A. Abbott, seeking to prohibit the latter from further passing upon the matter of the Bernalillo county sheriff's office. The writ of Judge Mann, as issued by the supreme court clerk, is as follows:

The Official Writ. "Now, therefore, you, the said Ira Abbott, individually and as judge of the second judicial district and of the district court thereof, are hereby commanded to desist and refrain from in any manner passing upon or determining the right of one Perfecto Armijo to the office of sheriff of Bernalillo county, New Mexico, except by judicial proceedings in the ordinary course of law, and from directing, ordering or continuing, enforcing or insisting upon the enforcement of any order or direction by you or said court made previous hereto that the said Thomas S. Hubbell shall deliver to one Perfecto Armijo possession of the county jail of the said county of Bernalillo, or of the prisoners therein confined, or a room in the court house of Bernalillo county, or of the records and paraphernalia of the office of said sheriff, until the next term of the supreme court of the territory of New Mexico to be begun and held on the third day of January, 1906, or until the further order of said court thereon, and that you shall show cause at the next term of said court why you should not be absolutely restrained as aforesaid."

WRIT SERVED ON JUDGE WHEN COURT ADJOURNED.

When court adjourned for the noon hour today the official writ of prohibition was formally served upon Judge Abbott as he left the court room, by George A. Kasceman, not in the capacity of a deputy United States marshal, but simply as a disinterested party. Judge Abbott received the order and proceeded to his chambers.

They Profess Pleasure at Returning, But Are Much Pleased With

TRFATMENT GIVEN IN CANADA

Toledo, Ohio, Oct. 7.—The Gould-Ramsay contest for control of the Wabash railroad at the annual meeting here next Tuesday, broke out today in an application made to the common pleas court by Joseph Ramsay for the appointment of inspectors of election. The court will appoint such inspectors if Ramsay can prove that he represents 10 per cent of the stockholders.

CAPT. CARTER'S FRIENDS COMING FROM CANADA.

Montreal, Oct. 7.—Gaynor and Green left for the United States this morning, accompanied by secret service men.

HEAR ARGUMENTS FOR INJUNCTION AGAINST COMMISSIONERS. The time of the court was taken up this afternoon hearing arguments upon the application for an injunction against the board of county commissioners of Bernalillo county to prevent them from borrowing \$4,000, where-with to carry on the business of the county and the business of the present term of court, pending the settlement of the present controversy as to who is treasurer of Bernalillo county.

Certain taxpayers ask for the injunction on the ground that the county commissioners have no legal right to borrow funds to carry on the functions of their office and to keep the county going. It is thought that all the arguments will be in by this evening, but it is not believed a decision will be handed down for several days.

Attorney W. B. Childers appears as counsel for the taxpayers, while District Attorney Frank W. Clancy is representing the board of county commissioners.

MINERS RELEASED THROUGH SHAFT. Florence, Colo., Oct. 7.—By one of the most remarkable feats of rescue in the history of Colorado, fifty miners were saved from what seemed certain death, 500 feet underground, in the Fremont coal mine of the Colorado Fuel & Iron company, which had mysteriously taken fire yesterday, imprisoning the men. One by one they were pulled to the surface by use of ropes, and not until 5 o'clock this morning was the last man landed safe on the surface. None of the men felt any ill effects of their experience. Damage estimated at \$70,000.
